*Two lesser bushbabies peer from the shelter of a Memphis State Psychology Department research associate's hand. The tiny animals are being used by Dr. Jeannette Ward in her study of hand preference. Her research, featured in the July 1988 issue of Discover magazine, has overturned previous scientific theories that humans were the only primates with a lateralized central nervous system.*

# TIGERLINE LONG DISTANCE SERVICE

Long distance service is offered by the MSU Telecommunications Department. Called "Tigerline", this service is available to any administrative/faculty person for official University business, for residence students, commuter students, and administrative/faculty persons for home or personal use during business hours.

Application should be made to the Telecommunications Office located in Jones Hall, Room 101.

| User Class | Application | Billing Date |
|---|---|---|
| Administrative (MSU Account) | Communications Work Request | 25th of month |
| Faculty/Staff (Personal) | Application for Tigerline Long Distance Service—Faculty/Staff Account | 20th of month |
| Residence Student | Application for Tigerline Long Distance Service—Residence Student Account | 10th of month |
| Commuter Student | Application for Tigerline Long Distance Service—Commuter Student Account | 10th of month |

PLEASE NOTE: The cardholder is responsible for all calls charged to his code number. Notify the Telecommunications Office **immediately** if your card is lost or stolen. Any billing discrepancies should be reported to the Telecommunications Office within 10 days of invoice date.

### RATES

The Tigerline rate structure is based on the cost of service and is considerably below the cost of alternative long distance services from the campus. A $50.00 deposit may be required for student accounts. There is no minimum usage charge and no financial limitation on calling ability. In case of excessive call use, the user will be notified and asked to make a payment.

### CALL BILLING

After completion of dialing a long distance number, the system automatically begins timing the call. A 30-second grace period is given for domestic calls and a 72-second period for international calls. Users will be billed for any connection greater than stated including unanswered ringing and busy signals. If a wrong number is dialed or a bad connection is received, hang up immediately to avoid a charge.

**The telephone system must receive a positive release signal to terminate billing of each call.** When consecutive calls are made, take appropriate action to insure that the first call is properly terminated for billing purposes. To terminate calls for standard desk sets or residence lines, hang up for at least 5 seconds. Billing adjustments will not be made for duplicate charges resulting from improperly terminated calls.

### ACCOUNT BILLING, PAYMENTS, AND ADJUSTMENTS

Administrative Accounts — Departments/Agencies are provided a detailed report of all local, long distance, and communications work requests, usage and associated costs monthly. Billing adjustments to administrative accounts will not be made after the date indicated on the invoice. Any discrepancies must be reported to the Telecommunications Office in writing.

All other accounts — A monthly invoice will be rendered each user with an itemization of all long distance charges. These invoices are due upon receipt and are considered delinquent after 20 days of invoice date. Checks should be made payable to Memphis State University. Payments are to be made at the Bursar's Office before the delinquent date. If payments are not shown posted by the delinquent date, the authorization code will be deactivated until payment is received. A $15.00 reactivation fee will be charged to restore long distance service.

Any discrepancies or concerns need to be discussed with Telecommunications Office personnel in Jones Hall, Room 101. No discussion of accounts will be handled over the telephone.

### TERMINATING SERVICE

Administrative Accounts — Submit Communications Work Request Form with proper items denoted to deactivate user's authorization code to Telecommunications Office. Attach user's Tigerline Card.

Faculty/Staff Accounts — Provide written notice to the Telecommunications Office advising effective date of termination of service. Complete final paperwork in person at the Telecommunications Office. ALL CHARGES MUST BE PAID PRIOR TO DEPARTING THE UNIVERSITY.

Student Accounts — Students must go to the Telecommunications Office in person to terminate service. If applicable deposits will be refunded by the Bursar's Office upon termination of service providing there is no outstanding balance. If there is a balance due, the deposit will be used to pay the bill. Any remaining deposit will then be refunded. An additional payment may be required if the deposit does not cover the balance due.

Failure to pay will result in any credit(s) which the student has on deposit with the University (i.e., dormitory reservation, breakage fees, etc.) to be applied to the outstanding bill and the student will be required to re-establish the forfeited deposit. As in the case of all other financial obligations to the University, non-payment will result in withholding of registration materials, diploma and/or transcripts.

# TELECOMMUNICATIONS SERVICES

### Facsimile

The Telecommunications Office is equipped to transmit and receive facsimile documents to any point with facsimile capabilities. This service is available to any student, faculty/staff member, department, organization or agency with a University Account number. Rates for sending facsimiles can be obtained from the Telecommunications Office. There is no charge for incoming messages. Incoming facsimile documents can be received 24 hours a day. The telephone number for receiving facsimiles is MSU-FAXX (678-3299).

### The PC Connection

Residence students may subscribe to this service which will allow their personal computers to communicate with other devices that can be reached by dial access. The telephone system will provide the proper modem speed interface for all data calls. Students will need to purchase from Telecommunications a hardware adapter for the communications port of their personal computers. There is a monthly charge for this service. During data calls, the phone line is still available for placing and receiving voice calls. Service may not be available in all residence halls.

### Special Features

Call hold, call waiting, call transfer and call conference (3-party only) are packaged to offer residence students added convenience and flexibility to meet their communications needs. Students must make application for this service at the Telecommunications Office. There is a monthly charge of $2.00 for this special package.

### Speed Dialing

Ten-number speed dialing lists can be provided for residence students. The lists are assigned on a station basis. When two (2) students share a room, either one or both students may apply for the service. Each student will be given a separate 10-number list and billed the monthly cost of $3.50. Apply for speed dialing service at the Telecommunications Office.

### Teleconference or Conference Calling

Any person, group or department may hold a telephone conference call for up to six (6) parties. Only one of these parties needs to be a campus station. To establish a conference call for more than three (3) parties, call the campus operator for assistance.

A portable teleconference telephone is available for persons, groups or departments that would like to take part in a teleconference. This telephone is designed to allow large groups to participate in discussions with remote locations. Typically this involves only one MSU station for the group. Groups do not have to be part of the main campus to take advantage of this service.

### User's Guides

Telecommunications has developed a series of user's guides for equipment and services offered by the department. Each station user should have a copy of the guides that are particular to his level of service. Each Communication Counselor has copies of all user guides and can answer most routine questions. Check with your department for the name of your Communications Counselor. This person serves as an extension of the Telecommunications Office in meeting the needs of the user community.

### Assistance

The Telecommunications Office staff is available to assist any person, group or department with any telecommunications needs or services. End user or departmental training, departmental analysis and design, and special service needs can be arranged by calling 678-2999. Please call us with any questions, concerns, repair or trouble conditions, or for information.

"I chose nursing because I wanted to make a difference. I chose St. Joseph because it's the best."

"When I decided to change careers and go into nursing, I chose the School of Nursing at St. Joseph Hospital. Because it's the source of the best nurses.

"I like it because it's small. Everyone knows your name and has time for you. This kind of personal attention is one reason I went into nursing: because I wanted a career where people really can make a difference.

"No other school can match the practical experience we get. At St. Joseph, we start clinical work our first year. It gives you more confidence in yourself, so that you can become a better nurse. The fact that we have summers off is another big plus. And now I can choose between day or evening classes.

"But the main reason I think St. Joseph is the best is the type of care the nurses here provide. That's one of the first things we learned: how to make patients feel better about themselves. It's part of getting well, and everyone here knows how important it is.

"Nursing is giving me a chance to go into a new, exciting field with a good starting income. And St. Joseph is giving me a chance to be one of the best.

"Come visit our school and see for yourself."

# THE DAILY HELMSMAN

## *EXTRA! EXTRA!*

## YOU JUST SUBSCRIBED TO THE DAILY HELMSMAN!

As a Memphis State University student, you are automatically a subscriber to The Daily Helmsman, the official student newspaper on our campus.

Be sure to pick up your copy every Tuesday through Friday this Fall and Spring. It's full of news and features written just for you by students like yourself.

Got a story to tell? Call The Daily Helmsman editor at 678-2192. Let us know what you and your friends are planning, whether it 's a party, a meeting or a dorm event. We are interested in getting out the word.

Do you write and/or take photos? Please come by and see us. Any student enrolled at the University is eligible to work on the newspaper. (And for sales and marketing students, we've got great on-job-training jobs.) Our regular student staff members are all paid, and volunteer staffers can make a few bucks, too.

Check us out. We're your voice at MSU, and what you think and say matters to us. For more than 50 years, The Daily Helmsman has been the eyes and ears of the student body, and we are here to shed light, entertain you and provide a forum for your views.

Questions? Call us at 678-2191 or 678-2192 for details.
